

PRODUCT ACQUISITION AND QUALITY ASSURANCE

My training in design and cabinet making allow me to assist you in your research of new products or to make prototypes abroad.

Being an artisan myself, the quality of a product is, in my eyes, essential. Just as much as the ethics and the history behind each object.

CUSTOM OPTIONS

- Assistance during your visit (accommodation, transportation, professional meetings ...)
- Search for suppliers, manufacturers, retailers, local artisans
- Manufacturing control and quality (prototyping...)

I am open to any special requests, do not hesitate to share your ideas!

CALENDAR 2019 (booking open)

This calendar is for informational purposes and may change depending on the projects that are proposed to me. Do not hesitate to contact me if your project takes place in a country other than those mentioned below. I am free to move as needed.

January to March -> New-Zealand

April to Jun -> Vietnam, Cambodia, Thailand, Laos, Malaysia, Singapore, Indonesia

July to September -> *tbd*

October to December -> *tbd*
